34	1041001015	Ambala	Kota	Gujarat	No
35	1041001064	Ambala	Bareilly	Delhi-NCR	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

1552	1041025395	Namakkal	Thrissur	KERALA	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

2218	1041031330	Meerut	Delhi/NCR	Uttar Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

2403	1041033297	Varanasi	Delhi/NCR	Uttar Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

3032	1041039962	Namakkal	Ernakulam	Tamilnadu	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

4512	1041068636	Mumbai/Thane/Navi Mumbai	Surat	Gujarat	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

5178	1041077061	Kanyakumari	Thiruvananthapuram	KERALA	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

5363	1041079388	Mathura	Jaipur	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

6029	1041084641	Jaipur	Jodhpur	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

6214	1041086192	Kanyakumari	Kollam	KERALA	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

6880	1041093950	Kanyakumari	Thiruvananthapuram	Tamilnadu	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

7065	1041095778	Jaipur	Bikaner	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

7916	1041104719	Mathura	Jodhpur	Delhi-NCR	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

9433	1041119095	Jodhpur	Sikar	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

11320	1041136792	Delhi/NCR	Jaipur	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

11764	1041139974	Indore	Kota	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

12356	1041143855	Bhubaneswar	Ranchi	Bihar	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

12800	1041146905	Sonipat	Sikar	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

14021	1041154747	Bhopal	Kota	Rajasthan	Yes

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

14872	1041159768	Sirmaur	Shimla	Himachal Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

15278	1041161870	Meerut	Sonipat	Haryana	No
15279	1041161880	Bijnour	Patna	Bihar	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

16573	1041168113	Dehradun	Delhi/NCR	Haryana	No
16574	1041168115	Dehradun	Jalandhar	Jammu & Kashmir	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

16759	1041169015	Meerut	Mohali/Ropar/Fatehgarh Sahib	Punjab	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

17610	1041173107	Meerut	Delhi/NCR	Delhi-NCR	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

18461	1041177583	Indore	Jaipur	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

19533	1041183456	Bhopal	Varanasi	Delhi-NCR	No
19534	1041183460	Tirupur	Chennai	Tamilnadu	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

19718	1041184288	Tumkur	Mangalore	Karnataka	No
19719	1041184295	Jabalpur	Varanasi	Uttar Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

20163	1041186623	Indore	Kanpur	Uttar Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

21384	1041192624	Sagar	Kanpur	Uttar Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

21606	1041193541	Rajkot	Sikar	Rajasthan	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

21791	1041194299	Rajkot	Delhi/NCR	Haryana	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

22864	1041199702	Hyderabad/Rangareddy/Medak	Delhi/NCR	Haryana	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

23048	1041200802	Nagpur	Gwalior	Madhya Pradesh	No
23049	1041200803	Tirupati	Tumkur	Karnataka	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

23715	1041204728	Srikakulam	Sambalpur	Odisha	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

23900	1041205839	Nagpur	Jamshedpur	Jharkhand	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

24122	1041207116	Nagpur	Agra	Uttar Pradesh	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.

24343	1041208721	Nagpur	Jaipur	Rajasthan	Yes
24344	1041208725	Vijayawada	Durgapur	West Bengal	No

The allotment of chosen City/State will be done in order of Registration Number. Preference will be given to OPH candidates. However, it may be noted that although AIIMS will make all efforts to ensure that the candidate is allotted a center in the City/State chosen by the applicant, it may not be feasible to accommodate all candidates according to their choice. Due to circumstances such as limited number of seats, logistic, administrative and other reasons viz. lack of sufficient number of candidates on Examination Centre etc. another city may be allotted. Applicants are therefore required to be prepared to appear for the examination in the Examination Centre allotted to them.
